ADOPTION PROCESS AT NEW BEGINNINGS RESCUE CENTRE:

You have decided that you want to save the life of an animal - you want to adopt from New Beginnings.

Below is a step-by-step guide of what our adoption process entails.

When you fall in love with one of the New Beginnings animals, you **contact 072 636 6663 / adoptions@newbeginningscharity.co.za** to get the adoption process started.

We will then send an application form in order for us to match you up with the right pet or put the pet you have chosen on hold. We will then arrange a **home check**. A home check is done for a number of reasons, including making sure that your yard is secure; your other animals are well taken care of; your yard and family is right for the dog or cat that you have chosen; and that the animal will receive everything that it needs to be well taken care of.

If your home check is **approved**, you will sign the **adoption contract**. The adoption contract mainly states that if the adoption does not work out for any reason, the animal must come back to New Beginnings **and your adoption fee will not be refunded**. By signing the contract, you are committing to providing for the animal's needs and you will commit to the pet. Find the adoption contract attached.

You then pay an **adoption fee**. **Please take note:** WE DON'T SELL ANIMALS - you pay a fee to help cover some of the expenses that we have had on the specific animal, while under the care of New Beginnings.

Adoption fee for dogs: R850 / Adoption fee for cats: R450

This fee includes: **Sterilization; Vaccination (rabies & 5 in 1); De-worming; Collar; ID Tag; and Tick and flea treatment.** (If all of this are done by your local vet, you would pay more or less R2000+ for it.)

By adopting from us, you have saved two lives - the one you adopted and the one who will take its place at the shelter.

Why we do home checks?

All of our animals are rescued out of abusive homes or were extremely neglected, sick, or found as strays. There would be no use if we didn't make sure that this time, they go to the right home, where they will be safe, have a secure yard and receive everything they need.

There is no reason to be nervous or annoyed about a home visit. New Beginnings isn't there to judge your decorating style or housekeeping skills. We simply want to make sure that you are who you say you are and not a hoarder; lab; reseller; dog fighter; or someone who simply can't take care of the needs of an animal.

If a rescue organization DOES NOT do home checks, you should be worried about their concern for their animals. So please understand that we love our animals dearly and we want only the best for them. It is our responsibility to provide them with a new beginning and make sure we did everything in our power to make sure that their new home is the absolute best for them.
